"We thought it was a private matter, maybe a husband and wife fight," the woman witness said.

Mrs. Griffin said she left an opera in Shrine Auditorium late Wednesday night because she didn't feel well. She went to her car—parked under a street light in a service station near the auditorium—and lay down.

## NEW COURT PROCEDURES HERE IN '65

New procedures scheduled to begin January 1 have made a change in the Adams County court calendar for 1965. The new calendar was distributed by Prothonotary George F. Weaver.

Where in prior years the calendars listed four days each year for "grand jury and arraignment," the 1965 calendar lists 12 arraignment dates during the year. New rules provide for monthly arraignments of defendants before the court and for changes in the bail pieces and quadruples the work of the clerk of courts' office.

The new rules will "make it easier after everybody gets into the swing of it," according to Deputy Clerk of Courts Kenneth Johns. While it will make more work for him, it will spread the work out over the year instead of having "a lot of work four times a year."

## PLAN EXTRA NOTICES

The new arraignment dates are January 4, February 1, March 9, April 12 and 26, June 8, July 12, August 16, September 14, October 4, November 8 and December 13.

Justices of the Peace, when they have cases before them requiring that defendants be held, will hold them for the nearest arraignment date. Bail, given for the arraignment date, also will cover all other dates until the case is ultimately disposed of. At present bail has to be renewed if cases are continued.

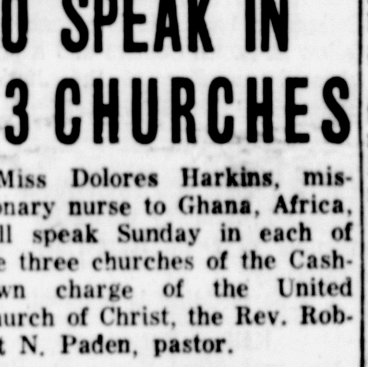

At present the clerk of courts' office sends notices to defendants only prior to the arraignment dates. Under the new plan, notices will be given to both the defendants and those who posted bond for them.

Elected officials were in the minority among those receiving the certificates from Dr. Edgar C. LeDuc of Penn State University. Most were classified as "community leaders and interested citizens."

The certificates carried the signatures of Fred H. Miller, executive director of the Public Service Institute; Dr. John H. Ferguson, instructor, and Carl E. Robinson, supervisor for the DPI.

## Community Planning Series Puts Issue Up To People; Certificates Earned By 69

Whether Adams County and its boroughs and townships shall have planning commissions in the near future was left squarely up to individuals and organizations in the county Wednesday evening at the final seminar session on "Community Planning."

Told at earlier sessions that Adams County is behind the times as far as community planning is concerned, the approximately 70 persons at the final session was told by Dr. Edgar C. LeDuc of Penn State University, who was in charge of the last eight training sessions, that it is up to the people to convince the county commissioners, their borough councilmen or township supervisors that planning is needed here.

"It costs nothing to have a planning commission appointed," Dr. LeDuc said and told of the free help and literature available from the state on comprehensive planning.

MOST FOR MONEY  
Other speakers earlier in the evening told the group two-thirds of the cost of planning will be borne by state-administered federal funds if there is a planning commission at work.

At earlier sessions, the group had been told planning can be undertaken "at any level at which you can get the support but county or regional planning often is best."

Another speaker told the group taking the "earthy and nontheoretical" course on community planning that "the return on the dollar spent for planning are perhaps higher than for any other dollar spent in governmental services."

## "STOLEN" CAR IS REPAINTED WITHOUT COST

Sometimes it pays to have your car "stolen." Dr. and Mrs. Lawrence Folkemer, Seminary Ridge, have discovered.

Tuesday Mrs. Folkemer drove their 1958 Chevrolet to York St. and parked it while she went to the beauty parlor. On her return she found the car stolen. She reported the loss to borough police.

Wednesday the officers noted a car which they thought was the stolen vehicle parked on York St. But when they looked closer, they discovered the auto had dealers' plates on it issued to Staub's garage, Bonneauville.

The officers called Staub's garage but were told it couldn't possibly be the garage's car because it was having its body repaired and was to be painted at a body shop. The police insisted the car bore Staub's garage tags, and Staub's began an investigation.

### EVERYBODY HAPPY

Somewhat shamefacedly Francis V. Staub Jr. later met with Dr. and Mrs. Folkemer and borough police.

It seems that when Mrs. Folkemer parked her car on York St., so did Mr. Staub. The two cars were identical in make, model and color. Staub went to visit a physician here, and returning to his car got into the Folkemer vehicle by mistake. The key fit and he had no idea he was driving any auto other than the one he had driven to Gettysburg.

The body repairs had already been made and painting had started when the mixup was discovered. Staub told the Folkemers to have their car completely repainted at his expense, and he would also pay for the body repairs that had been completed.

As a result, according to the police report, "everybody left the office happy."

## Today's Talk

IGNORANT PEOPLE

Ignorant people are not to be pitied, but encouraged — encouraged to know and to learn. Oscar Wilde in his book "De Profundis" said this: "Like all poetical natures He (Christ) loved ignorant people. He knew that in the soul of one who is ignorant there is always room for a great idea."

None of us know a great deal, though we may have gone to college and lived a great many years. Knowledge is to have learned and distributed — far and wide. There are all too many people, who claim to be educated, who are only stupid! The child, or a grown ignorant person drinks in knowledge, and is appreciative too many claim to own the key to knowledge, but without any idea to what lock it belongs.

People who go around with open minds and open hearts, do not remain ignorant for long. They finally become the really educated. And none of us must forget that an educated heart is quite essential as an educated mind. I would say that the former is even more important.

There is more room in the mind of an ignorant person for great things than in one who has had that mind all cluttered up with nonessentials and useless mental junk. We all have known the latter. As soon as such a one begins to talk, this mental junk starts falling all about, as though an attic had just been emptied!

Ignorant people often become most important people. Wendell Phillips once said that "the biggest brains don't go to Congress." No, they stay at home and carry on the good work of the world.

How very few of our great poets ever went to college. The urge for divine expression, for them, came out of their ignorance of forms and conventions; but forever watered by the free knowledge in nature were those unborn feelings that no curriculum could supply. You are, of course, familiar with the old saying that "poets are born, not made." They may be impractical, but not ignorant.

Study the life of Christ and note how He chose His friends and associates — usually from the humbler walks of life — the ignorant fisherfolk and everyday workers. They were the ones who most gladly received Him and who took His teachings to their hearts. They had room there for Him and His words.

MEASURING THE YEARS

The youngest waiting Christmas thinks the year an endless thing. But the oldest crowding seventy knows that time is swift of wing.

The youngest looks at forty as if two-score years are long. But the oldest smiles to hear him, for he knows the lad is wrong.

Then what is age, you question, if it isn't told by years. And how are we to know it when the end of youth appears?

Well, Time is swift of feather, but the heart of man is stout. And years alone won't age him till his strength has given out.

And whether man be twenty or eighty to the year, The heart alone can tell him when old age has caught him here.

## FIRST FAMILY IN SECLUSION THANKSGIVING

JOHNSON CITY, Tex. (AP) — President Johnson, nearing the end of an extended holiday stay at his ranch home, had no announced appointments today. Johnson and wife Lady Bird spent Thanksgiving in seclusion, so far as newsmen were able to determine.

Malcolm Kilduff, acting White House press secretary, furnished little information about the First Family's holiday activities.

Kilduff said the President worked during the morning and kept in touch with the Congo situation.

**QUIET DAY**

"The President spent the afternoon quietly with Mrs. Johnson," he added.

At some point during the evening, it was understood, the Johnsons were joined by their two daughters, Lynda, 20, and Luci Baines, 17, for the traditional turkey dinner.

The daughters flew to Texas from Washington Thursday and, with friends, attended the Texas-A&M football game in Austin before flying to the ranch. Lynda was a student at Texas until she transferred earlier this year to George Washington University in Washington.

## WILSON MAY ASK CHANGES FOR CHURCH

By GODFREY ANDERSON  
LONDON (AP) — Will Britain's new prime minister seek to modernize the Church of England?

Some of the clergy think he will. They contend an unreformed Church would stand out like a sore thumb in the kind of Britain he is aiming at.

Although a Congregationalist himself, Harold Wilson by his office now is largely responsible for ecclesiastical appointments in the Church of England, the state established church. Bishops, cathedral deans, even some canons and lesser clergy are appointed by the monarch on Wilson's nomination. He could change the look of things by picking young men to the now aging bench of bishops.

**ABOVE A BARON**

There are 43 dioceses and 40 suffragan bishops in the Church of England today. The oldest is the 74-year-old bishop of Sodor and Man; the youngest the 49-year-old bishop of Southwell. Their average age is around 60. There is no fixed retiring age.

To be a bishop in the Church of England you must be "a learned presbyter" — priest — at least 30 years old, born in lawful wedlock, and of good life and behavior.

You will be addressed as right reverend and have the legal style of "my lord bishop." You may marry but, if you do, your wife will have no title or precedence at public functions. In rank you will be above a baron and below a viscount, marquis, earl or duke.

**MAY GET SHAKE-UP**

The two archbishops — Canterbury and York — sit with 24 of the other bishops in the House of Lords as spiritual peers. The bishops of London, Durham and Winchester sit there by right of their sees; the others by seniority of their consecration to the episcopacy.

It may fall to Wilson to appoint successors in several sees. He will get plenty of advice from the archbishop of Canterbury downward whenever a vacancy occurs. But he doesn't have to follow it.

Harold Wilson, the man who married a Congregationalist minister's daughter, may yet give the establishment that shake-up part of it seems to wish.

## Acrylic Fibre Blankets Are Warm, Moth Resistant

MRS. HELEN D. TUNISON  
Extension Home Economist  
Blankets of wool or acrylic fibers, such as Acrilan, Creslan or Orlon, are top sellers today. Both types of blankets have good and poor points.

Since there is little difference in price between acrylic and wool blankets of similar quality, you'll have to decide which characteristics are most important to you.

Acrylic blankets shrink very little or not at all when laundered. Wool blankets, even when treated to reduce shrinking, shrink more than acrylics and have a tendency to mat. Acrylic blankets will not mat.

Most wool blankets are now treated for permanent moth proofing. Unless they are so labeled, moths could damage them. Moths will not attack acrylic blankets.

Acrylic blankets are softer and thicker than wool, yet the weight less. Since weight does not contribute to warmth in a blanket, persons who want light covers may choose acrylic blankets; persons who like a heavy blanket may prefer wool.

The major disadvantage of the acrylic blanket is that it pills after a number of washings. Although this pilling does not affect warmth, the small balls forming on the surface affects appearance. A wool blanket will not pill.

**PROBLEMS OF ONLY CHILD**

An only child is no better or worse off than the child with brothers and sisters. His background is just different, explains Mrs. Marguerite Duvall, Pennsylvania State University extension specialist.

Both the only child and the oldest child in a family have inexperienced parents who aren't so relaxed in this situation as if they had lived through a similar one. Parents of an only child may coddle him, watch over him too much, do too many things for him, have too many hopes and dreams in him or boss him too much. All these take away from a child's independence and initiative.

Too assure an only child of varied companionship and relationships that will help him grow and cope with situations, parents need to make a special effort to find playmates his own age. In the preschool years, they can enroll him in nursery school so he sees more than just an adult world. Later, parents can encourage him to have friends and to bring them home.

An only child often feels great security since he is so close to his parents and their protection. At the same time he may feel overburdened because he has to carry all the hopes and dreams of his parents.

Parents often understand an only child well. They are interested in him and concerned about him. They can give all their resources to this child so he may have more enriching experiences, such as vacation trips and special lessons or play equipment. An only child doesn't have to compete with other children for parents' time and attention.

Coil zippers are made from synthetic monofilament and will fuse or melt at temperatures above 325 degrees.

## ARRIVAL OF SANTA CLAUS NOTED ON TV

By CYNTHIA LOWRY  
AP TV-Radio Writer

NEW YORK (AP) — Santa Claus officially arrived in the nation's assorted towns Thursday, courtesy of CBS, and NBC's reports of various Thanksgiving Day parades.

For the next 28 days, television viewers may just as well reconcile themselves to commercials which are chock-full of holly, evergreens, carolers in blizzards of cornflake snow merrily decking the halls with boughs and of proud daddies in cotton batting beards admiring electric razors, cameras and after-shave lotion.

On Thanksgiving Day itself, most of the regularly scheduled programs were well prepared and the jolly hosts of the pre-taped game and panel shows greeted us with hearty good wishes, even though the members of the studio panel looked a bit bemused.

Highlights of the day were, as usual, the parades. NBC, as usual, focused its color cameras on the lavish New York celebration which was loaded with TV personalities, lots of bands and enormous gas-filled figures.

CBS popped around to show parades in New York, Philadelphia, Detroit and elsewhere, and although the sights weren't as interesting for color set owners, it was another delightful show for youngsters.

An easy-going musical program consisting of some all-time favorite songs was NBC's holiday special. It was timed for that early evening hour when the turkey has been eaten in most homes, when conversation has thinned out and when most people are ready for a relaxing hour.

Dean Martin, Eydie Gorme, a pair of stylish singers, and Al Hirt, a great man with a trumpet, did some rather nice things with numbers like "Sentimental Journey" and "Night and Day."

## REBEL INMATES BACK AT WORK

PETROS, Tenn. (AP) — Except for a slight revision in the policy of handling prisoners' mail, nothing has changed much at the Brushy Mountain State Prison as a result of an 18-hour sit-down rebellion by 134 coal-mining inmates.

Harry Avery, state corrections commissioner, after conferring for nearly two hours with the rebels Thanksgiving Day, returned to Nashville.

Officials said everything is "back to normal" at the prison and that no disciplinary action will be taken against those who revolted.

The rebels were scheduled to return to the mines today, along with three mine foremen they held hostage during the Wednesday protest demonstration.

## Bullets Oppose Temple At Palestra Wednesday In Initial Cage Test

The Gettysburg College basketball team will launch a 23-game schedule next Wednesday when the Bullets journey to Philadelphia to meet Temple in the first part of a twin bill in the University of Pennsylvania Palestra.

Coach Bob Hulton's forces will make their first home appearance of the year Saturday, December 5, playing host to Albright. Hulton is starting his eighth season at the Gettysburg helm. During the past seven campaigns, his squads have rolled up 105 victories compared to 71 setbacks. He has experienced one losing season, that being his initial campaign.

Since October 15 the Bullets have been going through grueling workouts in preparation for the long season ahead. Hulton has six lettermen on the squad including two starters from last year's 15-9 team. Senior George Strouse, 5'10", Norwich, Conn., a double award winner, and Chris Simms, 6'4", Elkins Park, are the two left over from the first five a year ago. Battling to fill in the gaps are Dave Yates, 6', Bethesda, Md.; Jim Runk, 6'5", Northport, N.Y.; Roger Ecker, 6'3", Gettysburg, and "Chuck" Richardson, 6'3", Bergenfield, N.J.

### OFFENSE IMPROVES

So far the offense has been playing a little better than Hulton had expected. However, the defense is causing concern for the Bullets. Gettysburg was the nation's third best major defensive team a year ago.

Several newcomers who have been showing promise are Ray Faczan, 6'5", Johnstown, and Bob Kinsey, 6'2", Middletown. Faczan was among the top scorers and rebounders for last year's yearlings. Kinsey, also a Sophomore, is playing his first season of basketball under the Bullets system. During the fall he plays tackle for the Bullets grid squad. Once he learns the system, he could be a tremendous asset to the rebounding end of the game.

### THE 1964-65 SCHEDULE:

December 2, Temple, away; 5, Albright, home; 8, Bucknell, home; 12, Muhlenberg, away; 15, Penn State, home; 16, Johns Hopkins, home; January 6, Dickinson, home; 9, Lehigh, away; 13, Bucknell, away; 16, Delaware, away; 30, American U., home; February 3, F and M, away; 5, Navy, home; 10, LaSalle, away; 13, Lafayette, home; 15, Rutgers, away; 18, Delaware, home; 20, Lehigh, home; 23, Dickinson, away; 25, F and M, home; 27, Elizabethtown, away; March 4, Lafayette, away; 6, Lebanon Valley, away.

## CANADIANS IN LEAD IN MEXICO

MEXICO CITY (AP) — Canada's George Knudson and Argentina's Roberto de Vicenzo playing so well they pleased even themselves, set out today to defend a thin lead against a par-breaking pack in the Mexican National Open Golf Tournament.

One stroke behind these three came Jackie Cupit of Corona, Calif.; Phil Rodgers of Perdido Bay, Fla.; Al Beselink of Philadelphia, and Don Massengale of Jacksonville, Tex.

Knudson and De Vicenzo led a wholesale assault on par with 18 golfers bettering 72 on the 7,216-yard course at the Mexico Golf Club.

## FIELD GOAL LATE IN GAME BEATS LIONS

By DICK COUCH

Associated Press Sports Writer  
That new dish the National Football League dumped on the Detroit Lions' Thanksgiving table was no turkey.

The Lions, who had spent their last 15 Thanksgiving afternoons entertaining the Green Bay Packers, ordered Bear Thursday and went hungry. Chicago's dethroned NFL champion won the annual holiday game 27-24 on Roger Leclerc's 17-yard field goal with less than two minutes to play.

The loss knocked Detroit out of second place in the Western Conference. Baltimore, which already has clinched the Western title, seeks its 11th straight victory Sunday at San Francisco and Cleveland, leading the Eastern Conference by 1½ games, plays host to Philadelphia.

### 1ST ON HOLIDAY

Green Bay is at Dallas, St. Louis at Pittsburgh, Los Angeles at Minnesota and New York at Washington in Sunday's other games.

The Bears-Lions meeting was their first on Thanksgiving Day since 1949. Detroit and Green Bay had filled the holiday bill after 1950 — when the New York Yankees visited the Motor City — and the Lions held a 9-3-1 series edge over the Packers. Green Bay, however, pulled out this year and a rotating schedule, led off by the Bears, was set up.

Rudy Bukich, Chicago's rifle-armed journeyman quarterback, gave the Bears a 21-17 halftime bulge Sunday with 12-for-13 pitching and three touchdown flips. After the Lions stiffened in the second half and pulled even on Tom Watkins' third-period touchdown run, Benny McRae set up the winning points by intercepting Detroit's Milt Plum in the closing minutes.

## SNEAK DRAFT DENIED BY AFL

NEW YORK (AP) — The American Football League has branded as erroneous a newspaper report that the 5-year-old league held a "sneak draft" two weeks ago to get a jump on the senior National League in the brewing battle for the top college football players in the country.

The story, which appeared in Friday's New York Daily News — one day before the rival leagues conduct their separate drafts at different sites in New York — was immediately denied by league and club officials.

Milt Woodard, the AFL's assistant commissioner, flatly stated the story was "erroneous" while pointing out that "our constitution and by-laws don't allow this. We have set a date for the draft and if we sign anybody before that we would have to void this type of agreement. The story is not true."

The Daily News story, written by Norm Miller, said "there are strong indications that the American Football League clubs already have held another sneak draft in an effort to beat the NFL to the best available college players."

Miller's story said the premarriage draft was "believed to have been conducted by phone nearly two weeks ago. At least one leading collegian already has been signed by an AFL team."

## Red Wings Stay On Top In NHL

Norm Ullman is the hottest thing on National Hockey League ice these days and his goal-scoring spurt is helping the Detroit Red Wings stay on top of the NHL.

Ullman, who has 10 goals in his club's first 19 games, clicked for his fifth and sixth in the last four games Thursday night as Detroit defeated Montreal 3-1. In other NHL games, Boston bombed New York 6-1 and Toronto stopped Chicago 4-2.

## EAST WINNER AT GEM BOWL ON THURSDAY

ERIE, Pa. (AP) — The East won the sixth annual Gem Bowl football game 19-12 mainly because of some University of Buffalo players.

The East's insurance touchdown was set up in the final period when Buffalo's Jim McNally recovered a fumble on the West 42-yard line. The TD was scored on a five-yard scamper by Bob Gutschall of Lock Haven (Pa.) State.

Earlier, Buffalo's Don Gilbert put the East ahead when he plunged over from the one yard line after completing a 42-yard pass to Buffalo teammate Bob Edwards.

### PA. PLAYERS STAR

Pennsylvania players were responsible for the West's two touchdowns which gave the losers a 12-7 halftime lead.

Quarterback Larry Bosley of Edinboro State ran 32-yards on a bootleg play on a fourth and three situation for the first score and Bob Buriak of Clarion State bulled over from the one for the second TD.

The two squads of small college players performed before a crowd of 3,800 on a field mudied by an all night rain which stopped shortly before the opening kickoff.

## STOUGH WELL QUALIFIED AS GCC GOLF PRO

Don Stough, the 28-year-old professional golfer who will become the golf pro at the Gettysburg Country Club next March 1, is probably one of the finest qualified in the area.

At the ages of 13, 14 and 15 he won the York Junior Chamber of Commerce tournaments. In 1952 he became the youngest player ever to win the York County Amateur tournament. He holds the lowest amateur qualifying round for that tournament with a 66. In 1957 he tied for first place in the York Open but lost in the playoff.

Tournament Wins

As a competitor in the 1959 National Open he missed qualifying by one stroke for the final 36 holes. The following year he tied for top honors in the Pennsylvania State Open but lost in the playoff to Al Besselink 71-70. In 1961 he won the Mt. Union Open with a 68 and the same year took the Central Pennsylvania Open with a 67. This year he won the Baltimore City Open in which he had been medalist three times.

Stough won tournaments and holds course records at Ft. Meade, Bel Air, Briarwood and at other courses. He has played in such outstanding national tournaments as the Texas, Baton Rouge, New Orleans, Eastern Pensacola and Thunderbird Opens, occasionally finishing in the money. He has been a regular winner in local events.

## SADAIR MAY BE TOP WINNER

BALTIMORE (AP) — Sadair will be favored to add the Pimlico Futurity to his juvenile record Saturday and become the top money-winning 2-year-old in racing history.

With only four starters, Sadair will be hard pressed not to advance to the top of the all-time earnings list.

Mrs. Mary B. Hecht's colt needs only \$15,666 to surpass the record \$402,969, set by Never Bend in 1962. Even with only four entries, the futurity will pay \$17,063 to the third-place finisher.

Fourth place will be worth \$8,531, or enough to show a profit over the \$7,500 supplementary fee Mrs. Hecht deposited Monday to make Sadair eligible.

The futurity purse of \$177,635 is the largest ever posted in Maryland.

Commerce tournaments. In 1952 he became the youngest player ever to win the York County Amateur tournament. He holds the lowest amateur qualifying round for that tournament with a 66. In 1957 he tied for first place in the York Open but lost in the playoff.

Tournament Wins

As a competitor in the 1959 National Open he missed qualifying by one stroke for the final 36 holes. The following year he tied for top honors in the Pennsylvania State Open but lost in the playoff to Al Besselink 71-70. In 1961 he won the Mt. Union Open with a 68 and the same year took the Central Pennsylvania Open with a 67. This year he won the Baltimore City Open in which he had been medalist three times.

Stough won tournaments and holds course records at Ft. Meade, Bel Air, Briarwood and at other courses. He has played in such outstanding national tournaments as the Texas, Baton Rouge, New Orleans, Eastern Pensacola and Thunderbird Opens, occasionally finishing in the money. He has been a regular winner in local events.

For the past two years Stough was assistant to Rod Munday who recently resigned as pro at the local club. He is rated as a fine golf teacher.

## HERSHEY WINS TENTH IN ROW

By THE ASSOCIATED PRESS

The Quebec Aces picked the right spot to snap their three-game American Hockey League skid.

The Aces trimmed the Rochester Americans 7-4 Thursday night in the first season meeting of the AHL's division leaders. Quebec needed the victory to keep pace with the streaking Hershey Bears, who drubbed Baltimore 6-3, running their unbeaten string to 10 games.

Quebec, which reeled off 10 straight victories at the start of the season, leads Hershey by four points in the Eastern Division. The Americans are five points ahead of Pittsburgh, idle Thursday, in the West.

In Thursday's other game, Providence goalie Ross Brooks, subbing for regular Ed Giacomin, blanked Springfield 3-0 for his first AHL shutout. The victory lifted the Reds into a tie with Baltimore for the last spot in the East.

Guy Gendron led the Aces' attack with two goals and Ed Hoekstra's penalty shot capped a decisive, three-goal second period.

A crowd of 6,097 largest at Rochester this season, saw Skip Sutherland and Gendron drill first-period goals that put the Aces in front to stay. Referee Bill Friday called 17 minor penalties.

## Wilt Scores 63 But Warriors Lose

By THE ASSOCIATED PRESS

The Philadelphia 76ers may have come up with a new defense against Wilt Chamberlain — they pretend he isn't there.

Wilt poured in 63 points — high for the National Basketball Association season — against Philadelphia Thursday night but the 76ers capitalized on the frigid shooting of his San Francisco teammates and whipped the Warriors 128-117. It was the 76ers' third straight victory and the Warriors' sixth consecutive setback.

In Thursday's only other game, the Bob Pettit-less St. Louis Hawks overcame a 24-minute .old spell and bulldozed the Boston Celtics 110-98 with a 40-point final period.

## WARD, G-BURG HIGH IN MAC FINAL MARKS

Quarterback Jim Ward of Gettysburg and Delaware halfback Bill Hopkins emerged as the top individual performers in the MAC university division, each finishing first in two statistical departments.

Ward led the Bullets to the 1964 university division championship with a strong passing attack. The leading passer with 54 completions in 111 attempts, he also prevailed in total offense with 812 yards gained in six games. Gettysburg led all university division teams in both passing offense and passing defense.

Hopkins was a stand-out performer among the Blue Hens, who won the division championship in 1963 but wanted to third place this year. The speedy halfback netted 689 yards rushing and crossed enemy goal lines 10 times for 60 points. Despite their decline in the standings, the Hens finished strong in the statistics, leading in both total offense and total defense.

Bucknell's Tom Mitchell led the receivers with 33 catches and 463 yards, while Dave Brown of Lafayette topped the punters with an average of 36.9 yards per kick, giving the Leopards the team lead in punting.

Temple failed to place any individual leaders, but the Owls shone in the squad figures with leads in rushing offense and defense, and scoring.

## Sermon For The Week

By REV. M. G. SHULL

Pastor, Church of the Brethren  
"THANKS BE TO GOD"  
Thanks be to God for his inexpressible gifts! — II Corinthians 9:15.

Yesterday we observed our national Thanksgiving Day. As we celebrated it by eating a meal that was too large, did we remember to give thanks

for that meal and to add a "thank you" for other gifts we receive constantly from a loving Father? If we did, for what did we give thanks?

Most of us could have included an impressive list of material bounty. Food, clothing, homes, cars, creaturely comforts of all kinds could have been on that list, all of them coming ultimately from the hand of God. Because this is so, we have an obligation to be good stewards of all that we possess, to earn our money in a Christian manner and to spend it carefully. We have an

obligation to share part of what we have for the cause of Christ and the well-being of our fellow-men. We need a willingness to share our food with the half of the human race that remains undernourished and the 10 to 15 per cent that lives on the edge of starvation.

**BE THANKFUL—?**  
Did we include in our list of that for which we are thankful our family and friends, our community and country? Did we acknowledge these priceless possessions as gifts, not as something we have earned, and accept our accompanying obli-

gation to be good parents and friends, neighbors and citizens? Most importantly, did we give thanks to God for His great love and for the gift of His Son? Paul wrote to the church in Corinth, "Thanks be to God for His inexpressible gift!" We need to be supremely grateful that God was in Christ reconciling the world to Himself — so grateful that we cannot rest until all men know of His great love and learn of Jesus Christ.

The Boston Symphony Orchestra was established in 1881.

# We Won!

Garry and I won first prize last Saturday! It was the young people's Olde Tyme costume party at the church, and we had a wonderful time.

I go to almost everything the club puts on, and of course there are lots of activities besides parties and dances. We visit hospitals, we collect and repair toys for underprivileged children, and we help with various church events. We have regular religious discussion groups that often get me so interested I continue the discussion around the family dinner table all week long! Mom and Dad don't mind, though. They think it's good for me to be mixing with other young Christians, and they never worry when I'm over at the club.

Your own church offers many enjoyable and worthwhile activities for Christians of every age. Why not join? You'll be warmly welcomed.

## THE CHURCH FOR ALL • ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## Dr. Carlson Fine Example Of American Doctors Who Serve Needy, Ill In World

By JOHN BARBOUR  
AP Science Writer

WASHINGTON (AP) — There is a breed of American doctors who gather the world's poorest humanity in their hands and who leave their mark on the minds of men from the mountains of Southeast Asia to the steaming forests of Africa and South America.

And, save for the moments when they dramatically die, the Tom Dooleys and the Paul Carlsons labor largely unknown and unacclaimed by their fellow Americans.

One such dramatic moment came this week in a place called Lumumba Square in a city called Stanleyville in a country called the Congo. It was a strange place to die for a man from a more common place called Rolling Hills, Calif.

### FELT HE WAS NEEDED

But Dr. Paul Carlson — a man with something to give — had chosen to be there because he felt he was needed there.

So it is for a growing number of American doctors who forsake convenient American living and rewarding medical practice at home to serve for nearly nothing in the wildernesses of the world.

There are more than 2,000 American doctors at work today — strange transplants into the frustrations of poverty, among diseases they never see at home, in places where suspicion is the rule and trust must be won, and where the most important mail from home might be a package of surplus drug samples.

### PLENTY OF PATIENTS

Like Carlson, they may work in a one-man, cinder-block hospital in a jungle clearing, they may find their day beginning before dawn and ending beyond midnight, they may find the simplest needs for clean water and trained help hard to come by. They certainly find no shortage of patients.

For Carlson — sole doctor for 100,000 Africans — the need was clear when he visited the Congo in 1961. He closed up practice in California, trained in Britain and went to answer that need. He almost certainly felt that even his hardest efforts were only a drop in the bucket of African poverty.

### OTHERS IN PEACE CORPS

So it is for some 700 Protestant and some 50 Catholic medical missionaries who try to cope with the brutal facts of malnutrition and disease, who see a woman bear six children knowing perhaps only one will survive to adolescence with normal mental capacity.

And so it is for the 150 doctors who serve under Care-Medico programs and the 35 to 40 who put in intensive tours for the medical ship Hope.

Others work for the Peace Corps and other U.S. government agencies and the emphasis is often on training native talent to take over when the Americans go home.

### HUNDREDS OF QUERIES

The American Medical Association says it receives hundreds of queries from doctors asking how they can help overseas. It also has a long list of requests for medical help from Malaysia to Nigeria.

To help the American doctor abroad, some 35 groups collect old medical journals and drug samples from doctors to send to missionaries.

What Carlson saw in Africa were the commonplace, awful contagions of yaws and leprosy, and epidemics of infectious disease that merely trouble affluent Americans but kill the undernourished of other continents.

### MORE THAN HOPE

To the Africans, men like Carlson bring more than hope. They bring life.

To Americans, the way Carlson lived and served should likely be more important than the way he died, caught in an unfortunate tide of political distress. To Carlson's father, perhaps it was most simple of all:

"I'm not as much proud as humble," he said. "What he's supposed to die for — this does not make me proud — it makes me humble."

DR. CARLSON

## Papers Are Filed In Three Estates

The will of Mrs. Mary E. Gebhart, who died November 11 at age 84 in Mt. Pleasant Twp., has been entered for probate at the office of the county register and recorder. The will provides \$425 to the Society for the Propagation of the Faith for perpetual memberships for her parents and others, \$200 to the pastor of St. Joseph's Catholic Church, Bonneauville, and a set of good dishes to a daughter, with the remainder divided among her children. The Gettysburg National Bank is executor of the "in excess of \$17,500" estate.

Harry D. Ridinger, Gettysburg, is executor of the will of Howard H. Flickinger, late of Gettysburg, who died November 8 at age 75. The \$800 estate provides \$100 for St. James Lutheran Church. The remainder goes to the deceased's wife.

Janet E. Guise, York Springs, has filed an administration bond in the estate of her late husband, Gilbert R. Guise, who died October 28 at Carlisle at age 49.

President Harry Biesecker announced that the next session on December 8 will be the Christmas meeting with the ladies invited and that, in lieu of exchange gifts, the officers were suggesting that each person donate at least \$1 to Beacon Lodge Camp for the Blind, near Lewistown. Harry Bream, Crowell Bucher and Elliott Schlosser were appointed to the Christmas basket committee and will work with the Adams County Council of Community Services in distributing food to the needy at Christmas time.

## 24 Sailors

(Continued From Page 1)

York at 11:15 the night before, after a round of gay farewell parties on what was to have been a leisurely 10-day cruise to the West Indies.

Aboard the sparkling white ship were 1,076 persons. They included crew members and a host of entertainers. No one suffered an injury of any consequence, it was reported.

The tanker, whose home port is Oslo, was inbound for Newark, N.J., on a voyage from Philadelphia. Her tanks were 80 per cent filled with a cargo of vegetable oil.

### RADAR EQUIPPED

As the two plowed through the foggy murk on what was to be a collision course, neither apparently had any impending sense of danger even though both were equipped with radar.

Their captains later declined to comment on circumstances preceding the collision.

Suddenly the rending crash occurred, with the Shalom's bow slicing into the tanker.

Some of the tanker's crew were flung from their bunks into the icy ocean. They found themselves fighting for life without an instant's notion of what had happened.

Some took to lifeboats while 10 others, including Capt. Kristian Bendorsen, remained with the forward section that included the tanker's bridge.

### ASKED FOR AID

At 2:23 a.m., the tanker sent an SOS message. Moments later it asked the Shalom to stand by and give aid.

The Coast Guard flashed an alert for a possible "major marine disaster." For a time there were fears the liner might be in danger too, Coast Guard ships, planes and helicopters sped for the scene.

Another cruise ship returning from the Caribbean, the 20,000-ton Sanat Paula, noted the position and headed for it also.

Aboard the Shalom, passengers still awake were startled by the crunch of the collision. Some couples on the dance floor were thrown off their feet. Others abed were tossed about and one or two sent rolling onto the floor.

### PICKED UP SURVIVORS

The ship's intercom loudspeakers announced that there had been a collision. Passengers were assured that the liner was not in any danger. They were told the ship was standing by to pick up survivors from the tanker.

Passengers said afterward there was no panic, and praised the liner's crew for its conduct.

Passengers said the dance band began playing again about 4 a.m., the bar was reopened and the ship served free drinks after the first round.

Tons of salt water poured through a huge gash at the liner's bow. The crew quickly sealed off forward compartments by closing watertight doors.

### HARNER SERVICES HELD

Funeral services for Guy William Harner, 63, Freedom Twp. farmer, who died Tuesday morning at his home, were held this afternoon at 2 o'clock at the Wilson Funeral Home in Emmitsburg. The Rev. John C. Chalos officiated. Interment was made in Mountview Cemetery at Emmitsburg. The pallbearers were Thomas Stultz, Stanley Tracey, Guy Jordan, A. J. Larmer, E. L. Rohrbaugh and Donald Smith.

## FIRE DAMAGES CONLEY HOME ON WEDNESDAY

Damage was estimated \$12,500 when the interior of a Bermdonian home was destroyed by fire Wednesday evening.

Mrs. Christine Conley, Dillsburg R. 2, told firemen that when she arrived at her three-story frame double dwelling home following work at 5:45 Wednesday afternoon she was unable to get into the house because as she opened the front door smoke and flames met her.

She told firemen she believed the fire must have started from a basement heater because, when she opened the door, the flames were directly over the heater.

### OTHER FIREMEN CALLED

Dillsburg firemen, summoned to the scene, immediately called for assistance from other companies, including Upper Adams, Franklinton and York Springs. East Berlin, Hampton and Abbottstown from Adams County.

The Quick Call Center call sheet here showed York Springs and East Berlin called at 6:06 and 6:08, respectively, to the fire at the home near the York-Adams line. Hampton and Abbottstown were asked to send their tank trucks 25 minutes later because firemen found little water available, other than a small pond some distance from the blaze. At 7:12 Wednesday evening New Oxford firemen sent a truck to East Berlin to stand by for that company while it was engaged in the Bragtown fire. The last fire truck from the county were back at their engine houses by 9:33 Wednesday night.

Made homeless by the fire were Mrs. Conley, her son and daughter-in-law, Mr. and Mrs. Howard Conley, and the couple's eight-month-old child. The four are residing presently at the home of Mrs. Bernice Shaffer, Dillsburg, a daughter of the elder Mrs. Conley.

### 15 FIRE ENGINES

Dillsburg Assistant Fire Chief Clyde R. King set the loss at \$7,500 to the nine-room house and \$5,000 to its contents.

A total of 15 pieces of fire equipment were summoned to the scene. They threw water on the Albert's Grocery store and two other buildings nearby to prevent spread of the blaze.

Dillsburg firemen who stayed at the scene until 11:30 Wednesday night returned to the house Thursday morning when the smoldering ruins flared up. The loss was reported partially covered by insurance.

I'm sorry that I made you cry . . . and after forgiveness dear . . . for after all is said and done . . . I miss having you near . . . perhaps it was my foolish pride . . . that made me treat you so . . . but I am truly sorry love . . . and I want you to know . . . each moment without your embrace . . . seems like eternity . . . I'm locked in chains of sad despair . . . I beg you set me free . . . no doubt it's hard to condescend . . . to forgive and forget . . . but my heart aches with loneliness . . . and I have paid my debt . . . so tell me what I long to hear . . . put stardust in my sky . . . for I am truly sorry dear . . . I ever made you cry.

local people a voice in their own future and as a necessary step in attracting industry and in qualifying for most types of state and federal aid in community development work.

There were three speakers for the final session. They represented bureaus of the state Department of Commerce and Internal Affairs related to planning and community development.

First speaker was Louis Lex Jr. of the Bureau of Community Development of the Department of Commerce. He described four major trends of concern in community planning as: Population growth and mobility, growing wealth with increasing home ownership, the tremendous impact of the auto industry and its many side effects and the role of government in planning and land use regulations.

### MAY LOSE PIDA

He said 48 counties in the state now have planning commissions and described the availability of funds to municipal government units that have planning commissions under the National Housing Act.

Kenneth D. Rainey of the Bureau of Municipal Affairs of the Department of Internal Affairs, described the assistance and literature on planning and government available from the state and then explained the part capital improvements programming plays in planning. "Planning is a guide to public officials and the difficult part is to translate them into action," he said.

Marshall Smith of the Bureau of Industrial Development warned communities not to go overboard in seeking new industries. He spoke of the availability of PIDA funds now to this county, the present prospect that such funds may no longer be usable here because of the rising employment rate and listed these community characteristics that new industries look into: Availability of workers, water supplies, transportation, unions, proximity to markets, availability of suitable sites and financing.

All of the men were called upon to answer questions in the latter part of the session.

### STATE SUBSIDY

The state has made a subsidy payment of \$1,817.06 to the Upper Adams school district as rental reimbursement on the addition to the Biglerville Elementary School, according to information received by the county superintendent of schools, M. Francis Coulson.

## BULLETINS

CAPE KENNEDY, Fla. (AP) — Technical problems with the spacecraft today forced postponement of an attempt to launch Mariner 4 to Mars to take pictures and probe scientific secrets. No new launching date was set immediately.

The launch crew had only a 3-hour, 13-minute favorable period ending at 12:41 p.m. EST in which to fire the Atlas-Agena rocket to achieve the desired trajectory. When the trouble could not be corrected in time, the shot was called off for the day.

The rocket is to propel Mariner 4 across 326 million miles of space for a brief encounter with the red planet next July 14.

DOVER, Del. (AP) — Mrs. Inez Brennan, 61, sentenced to life in 1949 for the lonely hearts killing of a Virginia carpenter, has won a parole after a tearful plea before the state Parole Board.

The board, voting 2-1, ordered her parole effective Saturday, after she said she had been offered a home with her son, Raymond, in Riverside, N. J. The board acted on Wednesday.

WASHINGTON (AP) — The Federal Communications Commission ordered today a closed-door investigation of payola and hidden advertising in broadcasting.

The investigation by the seven-man commission follows what the FCC described as "allegations from many sources" that payola — the taking of payments for favors on the air — continues to exist.

The same applies to what the FCC calls plugola — hidden advertising in broadcasting.

LONDON (AP) — Scotland Yard reopened its files on the Stephen Ward case today in search for clues in the murder of a prostitute, the sixth in West London within a year.

The latest victim was Margaret McGowan, 23. Her naked body was found half buried on a parking lot in the swank Kensington High Street area Wednesday. Police said she was a woman of many names.

NAIROBI, Kenya (AP) — Prime Minister Jomo Kenyatta today called for "efforts at reconciliation" between Premier Moise Tshombe's Congo government and the rebels.

Opening a commission meeting of the Organization of African Unity on the Congo problem, Kenyatta conceded he had no knowledge whether the eastern Congo rebels "still exist as a coherent force."

SAIGON, South Viet Nam (AP) — The Viet Cong jumped a government force near the North Vietnamese border and an American officer was wounded during the action, a U. S. military spokesman reported today.

Details on the action, 410 miles north of Saigon, were sketchy. The fighting began Thursday and continued today.

ANCHORAGE, Alaska (AP) — A short, but sharp earthquake hit this southern Alaska area about 9:10 p.m. Thursday.

No damage was reported, but the tremor jolted dishes and brought a momentary chill to thousands who experienced the devastating Alaska earthquake of

A duet, The Balladeers, and an octet, The Carillons, will highlight the evening's program with songs to relax by and music to enjoy according to the afternoon's program.

# Palestine Refugees Are Festering Problem

By A. I. GOLDBERG  
Associated Press Writer

UNITED NATIONS, N. Y. (AP) — The Palestine refugee problem, a running political sore, continues to fester in the eastern Mediterranean area around Israel. After 16 years, it shows little signs of healing.

Realistic United Nations officials fear it could yet cause serious trouble in the region. But despite past failures, it appears the U.N. will keep trying for a solution.

The U.N. Palestine Relief and Works Agency (UNRWA) is the principal U.N. tool for taking care of the thousands of Palestine Arabs who fled their homes in what became Israel during the Palestine wars in 1948. They scattered to Jordan, Lebanon, Syria and the Gaza Strip of the United Arab Republic.

## 14 YEARS OLD

The agency has been functioning for 14 years, its lease of life extended periodically for from two to five years.

The U.N. General Assembly session, opening shortly, must decide whether the agency is to go on feeding, housing and educating the refugees, at an average cost of \$37 million a year.

The agency's director-general, Laurence A. Michelmore, an American, in his report to the assembly said that if the assembly wants the agency to continue its work it should get at least a five-year extension.

With 473,113 births and 96,067 deaths registered between July, 1950, and June, 1964, the refugee population now is numbered at 1.2 million. Rations and special services for mothers and children go to 1.1 million. The others have found some measure of self support.

## HIGH BIRTH MARK

There were 48,802 births between July, 1963, and June, 1964, second highest figure over the years.

About 500,000 live in camps dotting the four Arab countries, the rest in villages and cities.

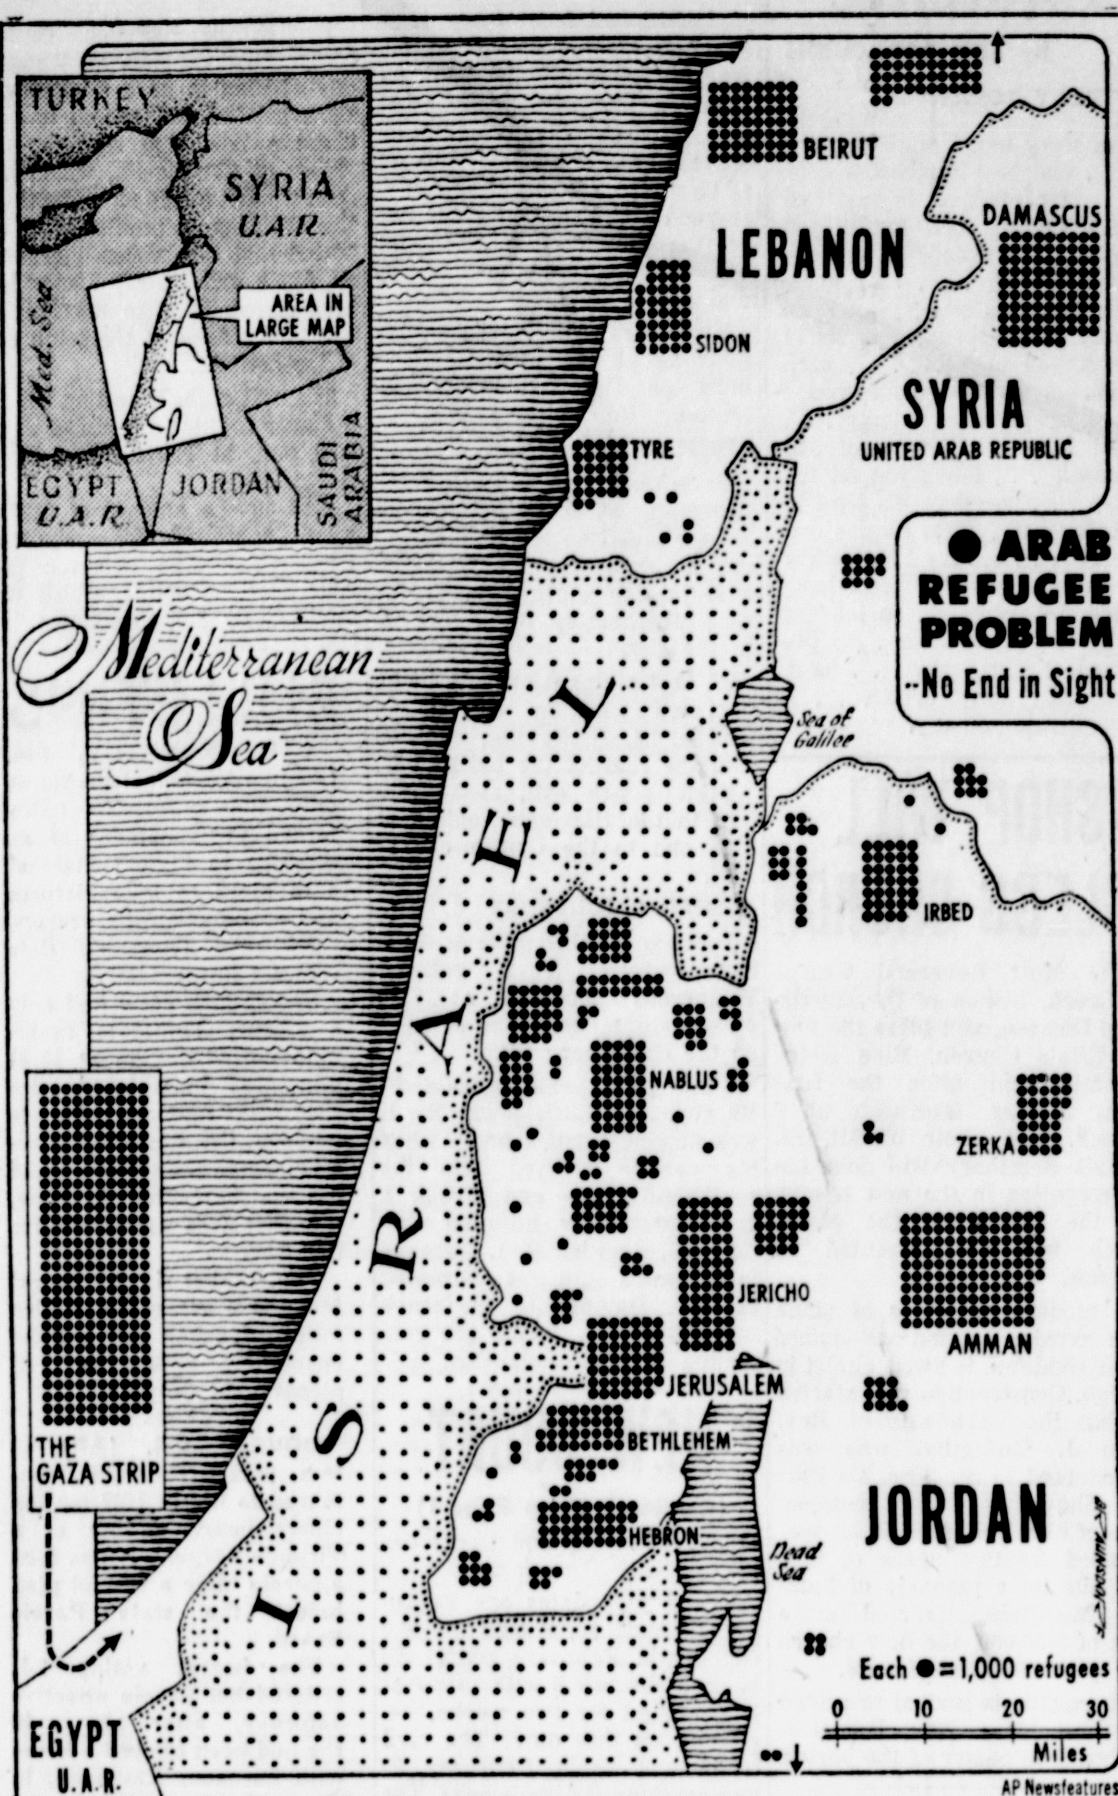

The newest report of the agency shows registered refugees distributed as follows:

Jordan 670,000; Gaza 289,000; Lebanon 155,000, and Syria, 131,000.

Since UNRWA was set up in May, 1950, governments, U.N. specialized agencies and sundry institutes and individuals have pledged \$499.4 million for the aid program. The United States furnished \$340 million of that total.

## GET MUCH HELP

Numerous school and church groups around the world — 31 in the United States last year —

ate compensation for the refugees but the tangled Middle East political situation has nullified any practical solution.

The four host countries also contributed \$6.5 million last year alone.

The Israelis say the refugees fled under order of Arab leaders who tried in 1948 to crush the infant Israeli state and have threatened its extermination ever since.

The Arabs say the refugees were forced from their homes by Zionist immigrants from Eastern Europe who settled in Palestine to set up an imperialist superstate in the Middle East.

## "HATE ISRAEL"

Israel has said it could not comply with General Assembly resolutions saying the refugees should be allowed to return. Massive repatriation would menace Israel's security by loading the country with men, women and children taught to hate Israel, its spokesmen have said.

Israel has said it could not comply with General Assembly resolutions saying the refugees should be allowed to return. Massive repatriation would menace Israel's security by loading the country with men, women and children taught to hate Israel, its spokesmen have said.

The four host countries also contributed \$6.5 million last year alone.

The Israelis say the refugees fled under order of Arab leaders who tried in 1948 to crush the infant Israeli state and have threatened its extermination ever since.

## People In The News

MILAN, Italy (AP) — The magazine Oggi reported today that New York friends of Henry Ford II and Maria Christina Austin say they will be married before Christmas. The article, by Benedetto Mosca, said: "Three persons very close to Ford gave this to us. Maria Christina herself confirmed it, although not explicitly in New York, where she lives after leaving Milan for good."

Ford and the former Anne McDonnell were divorced last Feb-

ruary.

They live with their mother, Mrs. John F. Kennedy, in a New York City apartment.

KARLSRUHE, Germany (AP) — Mayor Willy Brandt of West Berlin has been overwhelmingly re-elected national chairman of the opposition Social Democratic Party.

The re-election Thursday strengthened Brandt's leadership for next fall's general election campaign against Chancellor Ludwig Erhard and his Christian Democrats.

VIENTIANE, Laos (AP) — Gen. Kong Le, leader of the neutralist Laotian army, will

spend next week in Buddhist retreat.

The 33-year-old general, a devout Buddhist, shaved his head and changed his uniform for robes three days ago after spending a night meditating in a cave, it was reported today in Vientiane.

NEW YORK (A) — Caroline Kennedy is 7 years old today — two days after her brother, John, turned 4.

## REBEL ACTION IN CONGO HURTS CHINESE PLAN

By WILLIAM L. RYAN  
AP Special Correspondent

The United States may take a propaganda beating in Africa, but the rout of Congolese rebels at Stanleyville likely has damaged a key Chinese Communist enterprise.

The Congo developments may even aggravate the already bad relations existing between the Soviet regime and Peking.

In the long view, interruption of Peking's plans to gain a foothold in Africa's most critical area may prove more important to the West than the bruised feelings of leaders of new African nations.

### PEKING CAMPAIGN

The Congo developments strengthen an already strong impression that the Peking campaign in Africa has been directed against the Soviet Union as well as the United States and the West.

This may explain why Moscow seemed slow in reacting to the events, which easily could have mushroomed into a big international crisis as soon as the Kremlin heard of plans to use U.S. transport planes to ferry Belgian troops to the rebel capital at Stanleyville.

Ordinarily, U.S. involvement against a left-oriented rebellion would have produced clamor and threats from Moscow. This time the response was mild.

### PEKING-MOSCOW ISSUE

Time and again Peking has challenged Moscow in Africa. Only last week in a violent attack on supporters of the fallen Nikita Khrushchev — an assault obviously aimed at men still in power in Moscow — Red China accused the Russians of perfidy in the Congo.

This was an attack on the peaceful coexistence policy which the new Soviet regime says it will continue. Under this policy, the Red Chinese insisted, Khrushchev — meaning the whole Soviet leadership — "instructed the Soviet delegate at the United Nations to vote for the dispatch of forces of aggression to the Congo, which helped the U.S. imperialists suppress

## Emmitsburg

MRS. RALPH LONG  
HI 7-2231

EMMITSBURG — The Home-makers Club met recently at the home of Mrs. William Slammer Jr., with 10 members and two guests present. Mrs. Chatlos, food leader, prepared top-of-the-stove meats, which included, porterhouse steak, a broiled meat loaf with potatoes and fruit slices, and a skillet casserole of ground beef and vegetables. The prepared meats were served at lunch along with a salad and dessert. Mrs. Charles Stouter, president, conducted the business meeting and named committee chairman for the coming year. Mrs. Luther Creggar discussed the clothing selections of the past year. A donation of \$5 was voted to Victor Cullen Hospital. Mrs. Chatlos, Mrs. Stouter, Mrs. Creggar and Mrs. Slammer Jr., will demonstrate the making of wreaths and gifts at the Christmas open house in Frederick. An afternoon of games will be held at the home of Mrs. George Eyster on December 10 at 1:30. The annual Christmas party will be held at the Green Parrot Tea Room December 31.

Jerry Rightmire, Carnegie Institute of Technology, Pittsburgh, is spending the holiday with his parents, Mr. and Mrs. Wales Rightmire. Mr. and Mrs. Charles Pitzer and family, Elmira, N. Mr. and Mrs. Homer Tyler, Emmitsburg, announce the engagement of their daughter, Patricia, to James Hewitt, son of the Congolese people, and used Soviet transport facilities to move so-called U.N. troops to the Congo.

RED CHINA ARENA  
Red China, busy for some time trying to shut the Russians out of revolutionary movements in Asia and Africa, appears to have made Africa the main cold war arena. All Red Chinese embassies in Africa seem lavishly supplied with money to buy subversion.

Peking's plan appears to have been to entrench a usable Communist government in the Congo, Africa's heart, and work from there toward domination of other areas. If this was the case, the timetable now may be badly upset.

## ANTI-POVERTY AID APPROVED FOR 32 STATES

JOHNSON CITY, Tex. (AP) — Money to launch a nationwide campaign against poverty will soon be flowing to 32 states under the administration's anti-poverty program.

The first 120 projects to win approval were announced Tuesday by Sargent Shriver, the nation's antipoverty chief. They'll get a total of \$35 million out of the \$800 million approved by Congress for the first year of the program.

The biggest chunk — \$15 million — will be used to establish 41 Job Corps training centers where idle youths, 16 to 21, will receive basic education and perform conservation-type tasks.

### JOB CORPS RECRUITS

A big recruiting job to get volunteers for the Job Corps will be launched next week. Most of the camps will be for boys, but a few will be set up for girls.

Another \$13 million will go to a dozen cities and six rural areas for community-run programs aimed at a variety of targets, including teaching Indian children to speak English, training unemployed parents in job skills, and providing social services for impoverished areas.

### CITY PLANS

Five cities with well-developed plans for spending the money will get the largest amounts: Detroit, \$2.8 million; Los Angeles, \$2.7 million; Washington, \$1.4 million; Pittsburgh, \$1.2 million, and Atlanta, \$1 million.

Other projects for which funds have been approved include setting up neighborhood youth corps patterned on the Job Corps camps but for youths who will live at home, and helping colleges provide jobs for needy students so they can remain in school.

### YOUTH CORPS

The first neighborhood youth corps will be established in 13 states, serving 10,500 boys and girls, 16 to 21.

Thirty-one colleges in the Chicago, Detroit and Washington areas have agreed to participate in the work-study program. They plan to find jobs for 4,500 students.

President Johnson, who pushed the antipoverty bill through Congress shortly before adjournment, was reported by Shriver to be pleased with the progress being made to get the program going. Shriver announced the first projects after a two-hour conference with the President.

Members of Brute Council, Knights of Columbus, attended a Mass Thursday evening in Pangborn Chapel, Mt. St. Mary's College, in memory of deceased members and President Kennedy. Miss Stephanie Ann Baker, daughter of Mr. and Mrs. Raymond Baker, was one of 118 students graduated from the Maryland Medical Secretarial School, Hagerstown, last Friday.

A Christmas musicale will be presented by the Emmitsburg Presbyterian Church on Sunday evening, December 6, at 7:30 p.m. Besides special selections by the Church Choir, there will be audience participation in the singing of carols. Everyone in the community is invited to attend this program, which will open the Christmas season in Emmitsburg. James H. Grove, Frederick postmaster and a director of the Frederick County Red Cross Blood Bank, was the guest speaker at the meeting of the Lions Club Monday evening at Mt. Manor Restaurant.

## His Toothless Grin Is Wearing Thin

LONDON (AP) — This advertisement appeared in the British paper Sporting Life:

"At the last Cheltenham meeting, Mr. Michael Vance inadvertently put his front teeth in someone else's coat pocket before going out to ride."

"Would the finder kindly return them via Robin Lord, as their owner's tight-lipped smile is beginning to wear thin, and his digestion is suffering from impaired masticating facilities."

Vance is an amateur hunt rider. Lord is the valet of the Cheltenham course.

## WANTS TROOPS OUT OF CONGO

MOSCOW (AP) — The Soviet Foreign Ministry called in U.S. and British diplomats Wednesday and demanded an immediate end to military operations in the Congo and the withdrawal of all foreign mercenaries.

The Soviets called the Belgian paratrooper landings in Stanleyville "a new gross act of armed intervention in the internal affairs of the Congo." The paratroopers were flown in U.S. planes.

Statements handed to the three Western diplomats rejected the Western explanation that the paratroopers went to rescue hostages in the hands of rebels. The Russian statement said the landing was made "to suppress the national liberation movement" in Stanleyville.

The U.S. and British diplomats immediately rejected the Soviet charge.

A U.S. spokesman said the United States, whose planes ferried the Belgians to Stanleyville,

## NEW EMPHASIS TO AID RURAL POVERTY PLAN

Associated Press Farm Writer  
WASHINGTON (AP) — The Johnson Administration plans to bring its programs for dealing with rural poverty up to a par with its programs dealing with stabilization of agricultural commodities.

For years, the commodity programs have had the spotlight so far as the public is concerned, and the Agriculture Department has been putting the emphasis on them so far as work is concerned.

As a result, the department became synonymous with crop control, price support, farm payment, acreage allotment, marketing quota and other terms used in connection with the agency's efforts to stabilize prices and supplies of crops and livestock products.

### SEEK PROMOTION

But if the administration has its way, department programs designed to help the underemployed and unemployed non-farm rural groups will become as well known as the present commodity programs.

To help carry out this broad rural assistance program, the administration may propose that the name of the department be changed to the department of food, agriculture and rural affairs.

explained its position to the Soviet Union Tuesday "to insure that there was no misunderstanding of U.S. motives."

The U.S. spokesman added: "It was stressed that the United States was acting on humanitarian principles."

The Agriculture Department estimated that export of farm products during the year ending next June 30 will total \$5.9 billion in value. This would be close to last year's fiscal year record of \$6.1 billion.

The administration is studying plans for a so-called national food budget designed to provide greater stability in production and supplies of food products being made available to underdeveloped countries. Agriculture Department officials say that under present programs and farm laws, supplies of some food products being furnished these countries run low and foreign shipments have to be reduced or halted. This hampers their development and the establishment of permanent markets for the products abroad, they said.

## Huge Crowds See Stratford Plays

STRATFORD, Ont. (AP) — The Stratford Festival attracted 324,200 spectators during its 12th season last summer.

The box office gross for the 16-week display of drama and music was \$1,170,000. Of four plays included in the repertory, "King Lear" proved the biggest draw, playing to 97 per cent capacity. "Richard II" followed at 86 per cent; "The Country Wife," 80 per cent, and "The Bourgeois Gentleman," 75.

ville L. Freeman says he looks with favor on the proposal that farmers become owners and operators of a national food chain.

He told newsmen that such an operation—proposed by the Ohio Farm Bureau Federation and expected to be debated at the American Farm Bureau Federation's convention at Philadelphia—could provide a farm and food marketing yardstick.

## Hospital Treats Emotional Ills

COLUMBUS, Ohio (AP) — Children's Hospital has a special Clinic for Adolescents which treats emotional problems as well as physical ills.

The present director, Dr. Francis Eberly, says a broken romance or bad case of acne can cause a teen-age stomach ache that is just as real as one caused by green apples or an over-age hamburger.

"They really hurt, you see," he says, "but we have no magic medicine or pill to cure them. We talk to them, explain there is nothing seriously wrong, then try to get at the root of the trouble."

The clinic has its own staff plus consulting specialists and is the largest of its kind in the Midwest.

## White House Physician Tells Of Mrs. Kennedy's Actions After Slaying

WASHINGTON (AP) — "I the people in the room and told Mrs. Kennedy that the president was dead."

"She walked to the table, touched the foot and kissed the instep, then walked to the side of the table and felt his hand."

In those words, White House physician George G. Burkley told of the moment Mrs. John F. Kennedy learned an assassin's bullets had killed her husband in Dallas.

Burkley wrote his report on Nov. 27, 1963, five days after President John F. Kennedy was killed. It is among the exhibits made public Monday by the Warren Commission.

**REMAINS WITH BODY**

Burkley also told of Mrs. Kennedy's determination to remain with the body and of returning to her two of the roses she had carried during the fateful motorcade.

Burkley, who had been in the motorcade, arrived at Parkland Hospital three to five minutes after Kennedy was brought there.

"I went directly to the emergency room," he told the commission. "Mrs. Kennedy was seated in a folding chair directly beside the door of the small room in which the president was being observed."

**WAS NEARBY**

Burkley went inside.

"It was evident that death was imminent and that he was in a hopeless condition," Burkley said.

He left and talked with Mrs. Kennedy outside.

"She expressed a desire to be in the room," Burkley said. "Realizing that death was imminent and that it was so right to be as close as she could, I overrode the protests of some of

"At one point she knelt in prayer for a few seconds and then arose and stood quietly."

Another physician said Kennedy's life was gone, and Burkley verified that the president was dead.

Then he told Mrs. Kennedy. Burkley said the upper portion of the president's body was covered by a white cloth.

A priest administered the last rites of the Roman Catholic Church.

"I asked him to recite the prayers for the dead, which he did and the response was made by Mrs. Kennedy and me," Burkley said.

Outside again, Mrs. Kennedy insisted on remaining with the body until it was returned to Washington and the White House.

Burkley said a Dallas medical examiner ruled Kennedy's remains could not be moved, that homicide case procedures must be followed.

"I informed him again that it was essential that we have him moved immediately as Mrs. Kennedy was going to stay exactly where she was until movement was effected," Burkley said.

**SOME DELAY**

There was some delay, but finally, local officials agreed. Mrs. Kennedy followed the coffin, and Burkley took a last look at the emergency room.

"The roses which had been in the car with the president were in the wastebasket," he said. "Two roses which had broken off were lying on the floor."

Burkley put them in his pocket.

"On the way to the plane, we rode in silence for a while," he said. "I then reached into the pocket and took out the roses I had gotten from the floor and gave them to Mrs. Kennedy, stating what they were."

"She took them, put them in her jacket pocket, smiled and thanked me."

## A Lovelie! You

By MARY SUE MILLER  
**BLUSHERS RESHAPE FACE.**

The easiest and quickest way yet discovered to minimize a number of problem features is with brush-on blushers. For a

woman who feels uncertain of her skill with make-up, a blusher really is a blessing in disguise. Application methods are both simple and sure.

You first apply foundation and powder as usual. The blusher is then brushed on the feature you wish to soften. The shade to use has a deep, brownish tone. Never fear, although it may look unnaturally dark in the pot, it will appear a mere shadow on the face. And that is all you need to create the illusion of tidy proportions.

Depending on the individual problem, the exact placement of a blusher is as follows:

**Round Face.** For a slimming effect, brush blusher on lower cheeks in a triangle with the apex under cheek bone and the base under jaw bone.

**Square Jaw.** Shade jaw bone, except for the center of the chin. **Pointed Chin.** Shadow just the tip of the chin. **Double Chin.** Flick blusher across the underside of chin, from ear to ear and from jaw bone to top of throat. **Wide Cheekbones.** Whisk blusher in a semicircle, so that it overlaps outer edges of cheekbones. Start close to the hairline at mid-temple and finish close to earlobe.

## ASKS JACKIE ABOUT CARE OF HER CHILDREN

By JOY MILLER  
AP Women's Editor  
NEW YORK (AP) — "Even now we are so very interested in knowing how you and the children are getting along," the letter said.

"I suppose that so many of us feel that we would like to help protect you from any more heartache, to know that you and the children are safe and well, without invading upon your privacy."

The letter, from a woman in New Jersey, lay on top of a stack of the day's mail delivered to Mrs. John F. Kennedy's office on the 14th floor of a Park Avenue office building.

**400 LETTERS A DAY**

"We receive an average of 400 letters a day here," says Pamela Turnure, who was the former First Lady's press secretary at the White House.

"Generally they want Mrs. Kennedy to know she is still in their thoughts and how they felt about him. Some contribute to the John F. Kennedy Memorial Library and some talk about the traveling exhibit of his mementoes."

"Others tell her about a memorial project they're planning and ask if she can participate. So far she hasn't done so. But it's all extremely touching."

"We have three regular full-time volunteers," says Miss Turnure. "Others come in part-time. Altogether there are 15. They open and screen the letters, dividing them into categories. Some can be answered by a card of acknowledgment; sometimes form letters will do; others require more involved answers."

## TRIES TO CURE SNORES OF LION

WILLOW GROVE, Pa. (AP)—"I know I said I was going to give him away," relates pet lion owner Howard Sautter, "but it is just not in my heart to get rid of him."

Sautter, 52, and his pet lion, Leo, have been involved in a dispute with Abington Township authorities in this Philadelphia suburb.

Neighbors had complained that 2-year-old Leo roared at night.

Sautter at first refused to give the pet away, then decided he would if he could find a suitable home for him.

But, he's changed his mind again and has arranged for an operation today that would still Leo's roars—Sautter says they're mating calls — before they start. The operation is to be performed at the University of Pennsylvania Veterinary Hospital.

"I have had dozens and dozens of phone calls and letters, some of them from other countries, offering to take Leo but I just can't bring myself to part with him," said Sautter.

"I hope now, after the operation, the authorities will let me keep him," he said.

## Rebels Stage Last-Minute Bloodbath In Stanleyville, Now A City Of Desolation

By ROBIN MANNOCK

STANLEYVILLE, the Congo (AP) — Stanleyville is a city of desolation, of bloodstains and unburied corpses rotting in the tropic sun.

Until Belgian paratroopers ended rebel rule Tuesday, Stanleyville was the capital of the Peking-backed "Congolese People's Republic." The city had 300,000 inhabitants, including more than 1,000 whites.

At least 38 of the whites are now believed to have been slaughtered by the rebels in a last-minute bloodbath before the paratroopers seized the city's center. Two were Americans — Dr. Paul Carlson of Rollings Hills, Calif., a Protestant medical missionary who had been condemned to death by the rebels as a spy, and Phyllis Rine of Cincinnati, Ohio, a Protestant mission worker.

### 300 REBELS DIE

About 300 rebels or rebel supporters are believed to have died in Stanleyville.

It is still not healthy to move around. Rebel snipers are holed up in the top floors of buildings. Except for heavily armed military trucks, the streets are empty. Shop windows are shattered or scarred by bullet holes. Shop doors are open but there is no one behind the counters.

Automobiles are abandoned in the middle of streets. Many have flat tires, others have open hoods. They have been stripped for spare parts.

The rattle of automatic rifles

and machine guns is a constant reminder of the rebel presence. Premier Moise Tshombe's white mercenaries and Belgian paratroopers are trying to flush out the snipers.

### STILL MASTERS

Across the 1,000-yard-wide Congo River, the rebels are still masters of a section of Stanleyville. Mercenary pilots in converted T6 training planes blasted the south bank of the river with rockets and machine guns.

Maj. Michael Hoare, 46, commander of the South African mercenaries, dropped one rebel across the river with a rifle shot from his hotel window.

There is plenty of evidence of Chinese Communist influence. I slept Tuesday night in the hotel room of a senior officer of the nonexistent rebel air force. He had a large set of Mao Tse-tung's works.

Articles in the rebel newspaper, "The Martyr," show a strong pro-Chinese influence. Back numbers of the biweekly newsletter give evidence of the rebels' glee at the ouster of Nikita Khrushchev.

## COL. DRAPER, IKE'S PILOT, IS FOUND DEAD

WASHINGTON — Air Force Col. William G. Draper, 44, President Dwight D. Eisenhower's personal pilot during two White House terms, was found dead Wednesday. Police said it was an "apparent suicide" by hanging.

Draper's German-born wife, Ruth, discovered his body at 10:20 a.m. in the basement of their suburban home. She told Prince Georges County, Md., police that her husband had been despondent since a heart attack ended his 23-year career as a pilot in 1963.

"PRIMARY INTEREST" "It was his primary interest," police quoted her as saying.

The Air Force said Draper's body had been transferred from a private hospital to Andrews Air Force Base Hospital for an autopsy.

As Gen. Eisenhower's personal pilot, Draper flew the Chief Executive to various cities around the world.

He was succeeded as White House pilot by Air Force Col. James B. Swindal, who flew the late President John F. Kennedy and now does the same for President Johnson.

### DEATH REPORT

"Death is reported as asphyxiation due to hanging," the Air Force said.

Draper's home is in

Spring, Md. Draper had retired from the Air Force in October, 1963, having earlier suffered a heart attack while assigned to the U.S. Alaska Command.

The handsome, blonde officer became Gen. Eisenhower's personal pilot when the general took over as supreme commander of the Allied powers in Europe in December, 1950. He continued in that role when Gen. Eisenhower was succeeded in 1952 by Gen. Matthew B. Ridgway.

### CAREFUL PILOT

He was known as an extremely careful pilot while flying Gen. Eisenhower to various parts of the globe.

Because of a minor instrumental problem on the Presidential plane Columbine, Draper once switched Gen. Eisenhower to a standby plane for a short trip from Washington to Williamsburg, Va.

It was Draper's influence that prompted Gen. Eisenhower to fly even on short trips. He flew the President to his Gettysburg farm many times in a small two-engine aircraft.

Besides his widow, Draper is survived by four children, two girls and two boys.

### A PILOT AT 19

Draper was born in Cuyahoga Falls, O., in 1920 and moved with his family to Silver Spring, Md., when he was 11.

At 19, he was a pilot and in 1941 he joined Pan American Airways, flying out of Miami, Fla.

## DISSENSION IN FIGHT TO SAVE OLMSTED BASE

MIDDLETOWN, Pa. (AP) — Some dissension developed Thursday in a planned move to organize a union-sponsored motorcade to Washington, D. C., to protest closing of the Air Materiel Area at Olmsted Air Force Base.

Secretary of Defense Robert S. McNamara announced a week ago that the materiel facilities here would be phased out during the next five years, affecting 11,000 civilian jobs.

Labor leaders began organizing a giant motorcade in a show of protest, but officials of one union now have gone on record opposed to the move.

Anthony Gross, executive officer of Local 3-14, National Association of Government Employees, said his union was not associated with the plan, because the motorcade "might tend to antagonize."

Officials of two other unions, Local 1278, National Federation of Federal Employees, and 1800, American Federation of Government Employees, said the motorcade will take place Dec. 12 regardless of the NAGE's nonparticipation.

The motorcade is to take the form of a funeral procession, complete with hearse and flower wagons. It is scheduled to get under way at 8 a.m. at the

PHILADELPHIA (AP)—

Bronze safety pins were among more than 1,000 objects unearthed by University of Pennsylvania Museum archaeologists during the eighth season of excavations at Hasanlu, Iran. The excavations have revealed a mass of hitherto unknown detail about life in the area, particularly during the 9th century B.C. and have provided "an outline sequence of 6,000 years of prehistory," Robert H. Dyson, assistant director of the museum's Near Eastern section and field director of the expedition, said today.

The expedition included archaeologists of the University Museum and of the Metropolitan Museum of Art, New York City. Since the start of excavations in 1956, more than 5,000 artifacts and art treasures have been uncovered, Dyson said.

## HEAR TALK ON INVESTMENTS

Robert Gillelan, Biglerville, of Investors Diversified Services, was the guest speaker at the second November meeting of the Littlestown Junior Chamber of Commerce held on Tuesday evening at the Community Center. Mr. Gillelan discussed mutual funds, how to invest in them, how the fund operates, the structure of mutual funds, and the performance of mutual funds as compared to other stocks and bonds; how investment in mutual funds and stocks affects our economy and our financial security, and what effect our inflated dollar will have on investments as the years go by.

It was announced that a chapter banquet will be held on January 28, at which time the Outstanding Young Farmer will be made known. The OYF is a new program for the Littlestown Jaycees. The idea is to select a young farmer between the ages of 21 and 36 who operates a farm and makes over 75 per cent of his income from the farm. The committee in charge of the project includes John Shomper, chairman, Freddie L. Dutterer, Larry Kline and James Aumen.

# FALLOUT HIGH IN '63; EXPECT DROP THIS YEAR

UNITED NATIONS, N.Y. (AP) — Radioactive fallout in 1963 from nuclear explosions exceeded that of any previous year, the U.N. Scientific Committee on Atomic Radiation said today.

The committee's 1964 report said long-lived fallout in 1962 was three times that of 1960-61. With the ending of atmospheric and underwater testing in December 1963, descending fallout for 1964 was expected to drop to two-thirds of that in 1963, the report said.

Short-lived fission products decayed to negligible levels during 1963 so no further dose would come from the stratosphere after 1964, the report added.

A scientific source close to the committee said the committee had reached no conclusions concerning underground testing.

## NO WATER REPORT

He said there was no published evidence of water contamination from underground tests. As for venting — the leaking of radiation into the air — gases formed by underground explosions could carry comparatively heavy amounts of contamination, the source said.

The committee said it was not yet possible to assess how nuclear radiation already disseminated by testing, would affect the spread of cancerous malignancies among humans, if at all. It said information so far available on this was unreliable.

The report was compiled before the recent first atomic test by Red China.

The committee source said, however, that the Chinese test was too small to determine now what pattern any future Chinese testing would take in terms of radiation and which world areas would most likely be affected.

When Danny Murtaugh resigned as manager of the Pittsburgh Pirates his entire coaching staff of Len Lev, Sam Naron, Frank Ocek, Don Osborn and Mickey Vernon was released.

## Elder Chosen To Lead Presbytery

Charles W. Hall, an elder at the Mechanicsburg Presbyterian Church, was elected moderator of the Carlisle Presbytery of the Presbyterian Church in the U.S.A. Tuesday at the Newville First Church.

More than 100 delegates attended the meeting, which marked the 200th anniversary of the Newville Church.

Other officers elected are: The Rev. William A. Shaffer, Faith Church, Colonial Park; moderator; the Rev. J. Gordon McKenzie, Covenant Church, Harrisburg, re-elected clerk; the Rev. Dr. Morton G. Glise, Paxton Church, re-elected treasurer.

The Rev. George I. Evans of Camp Hill explained the \$50 million capital funds drive of the denomination, and plans were formulated to have the Carlisle Presbytery participate. The fund is used to finance hospitals and colleges in mission areas.

## GEORGE BALL FLIES TO PARIS

WASHINGTON (AP) — Undersecretary of State George W. Ball flies to Paris tonight for talks there and in London with European leaders and U.S. officials on economic and military problems confronting the Atlantic Allies.

Key topics for Ball's conference are expected to be the financial policies of British Prime Minister Harold Wilson and the U.S. plan for a multilateral and manned by the various NATO countries.

The undersecretary's trip comes in the wake of a severe British financial crisis revolving about Wilson's attempts to bolster the pound sterling and improve his nation's international payments standing.

And it comes less than one week after Wilson sharply criticized the proposed joint nuclear weapons force in a speech to the House of Commons on Monday.

Despite Wilson's stand, and the continuing opposition to the MLF project by French President Charles de Gaulle, the

## Seek To Outlaw Pep Pill Traffic

WASHINGTON (AP) — The administration plans to ask for legislation making the possession of pep pills illegal. The pills are becoming a big money item in organized crime because of lack of federal control, says George P. Larrick, commissioner of the Food and Drug Administration.

Arrests for possession of the pills can only be made now if the federal agents can prove the pills moved across state boundaries.

Larrick said bigtime racketeers are being attracted to the pep pill trade by the lure of large profits. The pills can be bought for \$1 a thousand and peddled for 5 to 10 cents a pill, he said.

Larrick discussed the pep pill problem Thursday on a radio interview sponsored by the AFL-CIO.

## ALABAMA AND TEXAS FINISH WITH VICTORY

By MURRAY CHASS  
Associated Press Sports Writer  
Alabama and Texas didn't wait for their Orange Bowl meeting to spring a surprise. They unveiled a crucial play — the same one — in closing out their regular football season schedules with victories Thursday. Alabama triumphed Auburn 21-14 and Texas whipping Texas A&M 26-7.

Following Alabama's 10th victory without a defeat, the Crimson Tide formally accepted an Orange Bowl bid everyone knew they already had received. Texas, 9-1, had accepted an invitation nearly two weeks ago.

UNUSUAL PLAYS  
In using the surprise play, second-ranked Alabama had help from Auburn's Mike Alford while Texas, No. 5 in the nation, received aid from Tom Murrah of Texas A&M. Both centers, Alford and Murrah, started the whole thing.

On fourth-down-and-punt situations, Alford and Murrah snapped the ball back over the punters' heads. In Alabama's case, it resulted in the first touchdown of the game. For Texas, the errant play brought a tie-breaking safety that opened the way for a 19-point second half.

Auburn's Jim Kilgore was set to punt in the first quarter when the ball sailed over his head. He chased it back into the end zone and fell on it, but the ball squirted away and Steve Bowman dropped on it for a touchdown.

TULSA WINS  
In the third quarter of the traditional Texas battle, A&M's Phil Scoggin was back to punt when the snapback got by him. He recovered the ball but couldn't get out of the end zone.

There was only a handful of other Thanksgiving Day games. Tulsa defeated Wichita 21-7. Virginia Tech swamped Virginia Military 35-13. William and Mary walloped Richmond 33-12 and an East All-Star team defeated the West 19-12 in the Gem Bowl at Erie, Pa.

The college season all but fades completely Saturday with two of the season's biggest games on the schedule. Army and Navy meet in their traditional rivalry while Notre Dame tries to wrap up the national championship by making Southern California its 10th consecutive victim.

Also on tap are Miami-Florida, Georgia Tech-Georgia, Tennessee-Vanderbilt, Duke-Tulane, Oklahoma-Arkansas, Texas-Rice-Baylor, Texas Christian-Southern Methodist and Arizona State-Arizona.

The Yankees won five straight pennants under Casey Stengel — 1949-1954. They made it five in a row again this year but it took three managers to do it — Stengel in 1960, Ralph Houk in 1961; 62-63 and Yogi Berra this year.

## Wedding

Riley—Forsythe  
Miss Joan Mae Forsythe, daughter of Mr. and Mrs. Clarence W. Forsythe, R. 3, became the bride of Dennis Michael Riley, son of Mr. and Mrs. Ralph J. Riley, 37 Ridge Ave., Saturday afternoon at 2 o'clock in St. Francis Xavier Catholic Church. The Rev. Fr. Joseph Kealy performed the double-ring ceremony. The altar was decorated with white and chrysanthemums.

Given in marriage by her father, the bride wore a floor-length gown of hand-clipped rose patterned lace. The wide scoop of the neckline was traced in handclipped scallops touched with opalescents. The sleeves were long and tapered and the bodice fitted snugly in basque style. The skirt was spread over crinolines and was enhanced by ruffled tiers of scalloped lace with iridescents that originated at the sides and dropped to form a chapel train. A coronet of matching lace with pearl border and droplets held her bridal veil of French illusion. She carried a colonial bouquet of white rosebuds on a Bible.

The matron of honor, Mrs. Carl Pratt, Oxen Hill, Md., wore a gown of rose velvet and brocade with bell-shaped skirt, and a matching headpiece of rose velvet bow. She carried a pink carnation colonial bouquet.

HOLD RECEPTION  
The attendants, Miss Donna Dove and Miss Lyn Riley, sister of the groom, wore matching gowns of turquoise velvet and brocade with bell-shaped skirts and matching headpieces. They carried colonial bouquets of gold and white fall flowers.

Carl Pratt, Oxen Hill, Md., served as best man and the ushers were Patrick Riley, R. 3, and Douglas Flynn, R. 4.

The bride's mother wore a dress of gray silk and a corsage of white carnations. The groom's mother wore a knit sheath of cranberry and a similar corsage.

Following a reception in the Fairfield Fire Hall the couple left on a wedding trip to the south. For traveling the bride wore a blue sheath with matching accessories and a white rosebud corsage. Upon their return they will reside at 142 W. High St.

The bride graduated from Gettysburg High School and is now a student at the Gettysburg Beauty School. She is employed at the Pape Convalescent Home. The groom completed three years with the U.S. Army and is employed by Keystone Ridgeway Corp. Out-of-town guests were present from Hagerstown, Philadelphia, York, Waynesboro and Chambersburg.

## Navy Sees Design For Flying Sub

WASHINGTON (AP) — A submarine that can fly is the Navy's newest dream. It has awarded a \$36,000 contract for design studies to see if such a combination is feasible.

What the Navy would like to have — in the event of a war with the Soviet Union — is a smallish submarine that could fly to such large inland bodies of water as the Black Sea and Caspian Sea and then pop back into the water to prey on Soviet ships. It would be almost impossible to get a conventional submarine into such seas during a war.

Its development would be "both complex and laborious," says a Navy aircraft engineer, Eugene H. Handler, in an article dealing with the flying sub in the magazine "U.S. Naval Institute Proceedings." Handler called for a careful examination before such an idea is shelved.

## Seek Protection For Rare Species

WASHINGTON (AP) — The Interior Department is concerned about the survival of 50 or more kinds of birds and mammals that may be facing extinction. It is asking conservation groups to help it prepare a list of the threatened species so special protective measures can be devised.

Some of the species listed Thursday by the department are the California condor,

NEAR CHAOS AT THE U.N.  
Russia Can Veto Without Paying  
Charter Badly In Need Of Revision

**THE SHOWDOWN** comes the first week in December. Russia will or will not be voting in the General Assembly of the United Nations. It is a situation in which Soviet dialectics can hardly be substituted for money.

Russian refusal to pay her share under a camouflage of dialectics could become the rock upon which the United Nations is wrecked.

On the other hand, Russia can surprise all and confound her critics with the attitude that a mere vote in the General Assembly of the U.N. is not worth the money; that she chooses to continue to have membership and have a vote only in the Security Council.

There is considerable logic in the idea. In the General Assembly, the vote of Russia counts for no more than that of Rwanda.

**IN CASE** you have never heard of the Republic Rwanda, think nothing of it. The Rwandians had not heard of it themselves until 26 October 1961.

This new postage stamp nation is a splinter of Belgium's onetime African empire. Rwanda is about the size of ten small American counties. Were its unencumbered national wealth equally divided among the male population, each man would have the approximate value equivalent of one zebra hide, a lion skin, two hunting spears (the extra for the oldest boy) and a handful of Belgian francs at an exchange rate of two cents a franc.

Needless to say, less than one per cent of Rwanda's two and a half-million Bahutu and Batutsi population can read and write.

It is, of course, absurd that 40 or more per cent of the numerical vote power of the General Assembly should be in the hands of so-called nations that are not fully qualified for playing an instrument in the great concert of nations. There is a limit to the number of drums an orchestra can absorb.

**WITH SOME** justice Russia can announce that with votes in the General Assembly debased by such promiscuity of unmerited privilege, she has no desire to continue voting in that body but will restrict her balloting to the Security Council where her negative vote is a veto.

This appears to be the only line open to the Soviets if they are to avoid the horns of the dilemma with which the West has been able to confront her.

It should be furthermore kept in mind that Russia is not the only nation badly in arrears. In January, 1965, less than three months away, 15 or 20 additional nations including France and the American supported Nationalist China, will be losing their Assembly votes under the same ruling.

**THE QUEER** accounting situation arises from Article 19, which is a part of Chapter IV of the U.N. Charter, or Constitution. That chapter concerns the scope, duties and privileges of the General Assembly only.

Article 19 stipulates that "A Member of the United Nations which is in arrears in the payment of its financial contributions to the Organization shall have no vote in the General Assembly if the amount of its arrears equals or exceeds the amount of the contributions due from it for the preceding two full years."

As of this year, Russia's arrearage amounts to \$52.6 million. This is \$5.7 million more than her arrearage on dues for two years.

Following previous precedents, Russia can pay \$5.7 million and retain her vote for the time being.

This she is refusing to do. Under the leadership of the United Nations, Adlai Stevenson, Russia and all other nations, those in arrears as well as those fully paid up, are being asked to donate, independent of what their arrearage may or may not be.

Donations by those countries in arrears, particularly Russia, will be considered a face-saving device. It is also hoped that it will avoid charter quibbling as to what can be or cannot be assessed by the United Nations.

Oddly enough, the corresponding Article 27 for voting within the Security Council makes no mention of a member losing privileges for nonpayment.

It is this clause that makes it possible that Russia merely say that she does not care to vote in the Assembly, but will retain her rights, complete with veto privileges, in the Security Council.

The impending debacle highlights the need for a complete revision of the United Nations Charter as provided in Articles 108 and 109 of the Charter.

In these articles it was intended that by 1955 there would be a complete re-examination of the Charter, with revisions and amendments, in the light of the 10 years of experience under the Charter. We are now approaching 20 years without any such revision whatsoever.

The question: How long can the United Nations be a vital organization if its membership does not face up to recognized shortcomings and have the courage to do something about it?

Howard H. Bell, NAB code director, told a reporter by telephone from New York City the subcommittee report made a number of unwarranted allegations, including one that many broadcasters seem to violate the

code with impunity.

The subcommittee praised the code's content but said it was poorly enforced and that many violators continued to display the NAB "seal of fair practice" in advertising which supposedly attests compliance with the code.

Bell denied that enforcement of the code is lax. He said many radio and television stations have lost their right to display the seal, and that the industry is taking steps to sharpen the sting.

Bell said the industry does not claim it is perfect, but that it can and does police itself effectively, strives to improve its standards, and will resist any government regulation of the content of its programs.

He said any such legislation would violate constitutional guarantees of freedom of speech and of the press.

## COMPLAINTS ON VIOLENCE ON TV MOUNT

By G. MILTON KELLY

WASHINGTON (AP)—A row sparked by senatorial charges that crime and violence on television help lead to juvenile delinquency apparently is coming to a head.

Senators have started talking of possible new laws to force action if the television industry doesn't "clean its own house," as they put it.

The industry, contending the senatorial accusations are exaggerated and in some cases unwarranted, has served notice it will fight any move toward federal censorship of programs.

### THE COMBATANTS

The combatants are the Senate subcommittee investigating juvenile delinquency and the National Association of Broadcasters, representing the bulk of the industry.

The subcommittee has cited a number of crimes including killings, extortion, robbery and gang violence by youngsters who allegedly got the idea from television programs.

The subcommittee's chairman, Sen. Thomas J. Dodd, D-Conn., has ordered a massive project to monitor every program aired in the Washington area, to get evidence for subsequent public hearings.

### EXPECT HEARING

No date has been announced for the hearings, but they are expected to get under way well before spring.

NAB's Code Review Board, an organization of nine broadcasters administering its Code of Fair Practices, has scheduled meetings here Dec. 9-10. The subcommittee's Oct. 27 report to the Senate contended that television programs excessively featuring crime, violence and brutality are a proved factor in juvenile delinquency although not the only one.

"The patience of Congress, though considerable, is not endless," the report said in warning.
